

Bob Loree's Examination Preparation Services™ for Professional Practice Exams* (PPE)

MISSION: Provide professional, personalized examination preparation services

ExPS™ makes practical information and assistance available in convenient formats and locations. The resources and services include analysis of previous examinations, banks of individualized diagnostic questions, personal Tutorials and Seminars.

VISION: PPE Exam Preparation Anywhere, Anytime

ExPS™ is a company with a professional attitude, providing outstanding resources, services and customer support to its clients.

A strong team develops, maintains and administers our resources and services.

Expertise in many fields is focused on client success: engineering, law, sociology, education (teachers and professors), languages, software, hardware, web design, business, professional coaching and presenting.

VALUES: Bob Loree's Examination Preparation Services™ is committed to providing excellent, comprehensive Professional Practice Exams (PPE) preparation with these company characteristics:

Professional in research, preparation and delivery

Quality Centred in resources and services

Service Oriented with attention to details and timely interaction

Committed to clients' individualized, convenient, confidential learning

Educationally Based in pedagogy, principles, resources and methods

Innovative Approach to client needs and future directions

* P. Eng. & P. Geo.

What our students say:

"Hi Bob, your web site was just what I needed to fit my preparation schedule. Thank you!" K.V.

"I felt so good after the exam since your preparation course had prepared me for every question. There were no surprises. Thank you." P.P.

"Hi Bob: Thank you for your web site. Your abstract for the Law and Ethics text books is excellent! In my opinion, a two-day seminar is not enough for non-Canadian educated students or professionals. That's why it was very useful to learn from your web site. Thank you!" W.Y.

"Hi Bob, Just wanted to let you know that I think I did really well on the PPE, thanks to all your help and the web site. I did exactly like you said, and it worked out well. I used the whole 3 hours just to take it nice and easy. Thanks again!" S.P.

"Bob - The exam went really well. You guys aced it, every question was in your question bank, word for word - especially the Crash Course. Thanks much." B.C.

"Hi Bob - I wrote the exam today. Nothing unexpected, I think I wrote everything as required. The definitions were good. I thank you very much for your course. I felt I was ahead of the game, the questions were so easy for me, I knew all of them." T.J.
